4800 SPORT YACHT

PREMIERE MAY 2019

Look how our designers have excelled

The Riviera 4800 Sport Yacht when first launched made a real statement. For outstanding good looks and styling, she simply ... stood out. Now the 4800 Sport Yacht Series II Platinum Edition takes this movie-star magnetism into the next dimension.

A new exterior colour palette of silver, black and white conspires to bring artful lines into sharp relief. As befits a Platinum Edition model, it exudes elegance and power; as if bursting to break free from the marina into open water.

Topping it all off, the Riviera Platinum Silver hardtop and targa meld with the black wrap-around windshield, rakish black boot stripe and full length black hull windows to lend an air of sophisticated mystery.

Inspiring to look at, even more thrilling to command. Introducing the new Riviera 4800 Sport Yacht Series II Platinum Edition.

Series I shone, Series II goes beyond

The art of great design, refined. This is the philosophy which drove the development of Platinum Edition.

It is a rare sport yacht whose styling can take your breath away then have your heart pumping with its performance. The 4800 Sport Yacht Series II is one such yacht.

She embodies stunning new design highlights and lines, scintillating performance from the dynamic new Volvo IPS 800 twin diesel engines and a host of new refinements bow to stern, cockpit to helm, master stateroom to engine room. A 'Series II' in every sense.

Everything you could wish for is here, and more. All designed with meticulous care by the revered Riviera design team. The result is a superb new creation; a genuine evolution from Series I. Its flowing indoor-outdoor living plan shines brighter than ever with more luxury touches and practical enhancements. The accommodation deck is even more spacious and welcoming. And the helm, a picture in gleaming silver and black, sports the very latest instrumentation.

Sensational new onboard living

Step from the marina onto the extended swim platform with its stainless steel side rails, step forward into the cockpit, pause, and reflect a moment. Light bounces off highly polished timber surfaces. The stainless steel bulkhead glints in the sun. All around you seems to glisten and shine and the effect is dazzling.

The Riviera 4800 Sport Yacht Series II Platinum Edition is as practical as she is luxurious. Out here, storage spaces and lockers abound. A new wash down station under a hinged cover at the transom is a very handy addition. Speaking of new features, there are twin electric push button sunroofs concealed in the soaring cockpit hardtop. Stunning.

Discover two large designer outdoor lounges starboard and aft. The starboard lounge is set around a timber entertainer's table on a stainless steel pedestal. To port, the superbly equipped wet bar (with refridgerator, icemaker, sink and more) and barbecue centre is the place to be. Cleverly concealed in a space beneath, safe from the elements, lies your touch button tender garage.

Lifestyle with safety over and above

It is a welcome retreat, sunlover haven and functional working area all at once. The foredeck projects a handsome profile and serves many purposes, both practical and lifestyle-related.

Up here you store vital functional gear like ropes and anchoring equipment. Rest assured there is also ample room for AM/FM stereos with bluetooth and USB ports, fold away sun awning and other essentials of Series II living.

Accessing the fabulous foredeck is a walk in the park, easy and stress free for all thanks to wide walk-around side decks, raised bulwarks and marine grade 316 stainless steel handrails. Once you get here you won't want to leave. Front and centre is a double sun lounge with plump upholstery, adjustable backrests, sun awning and exclusive views. Sundowners anyone?

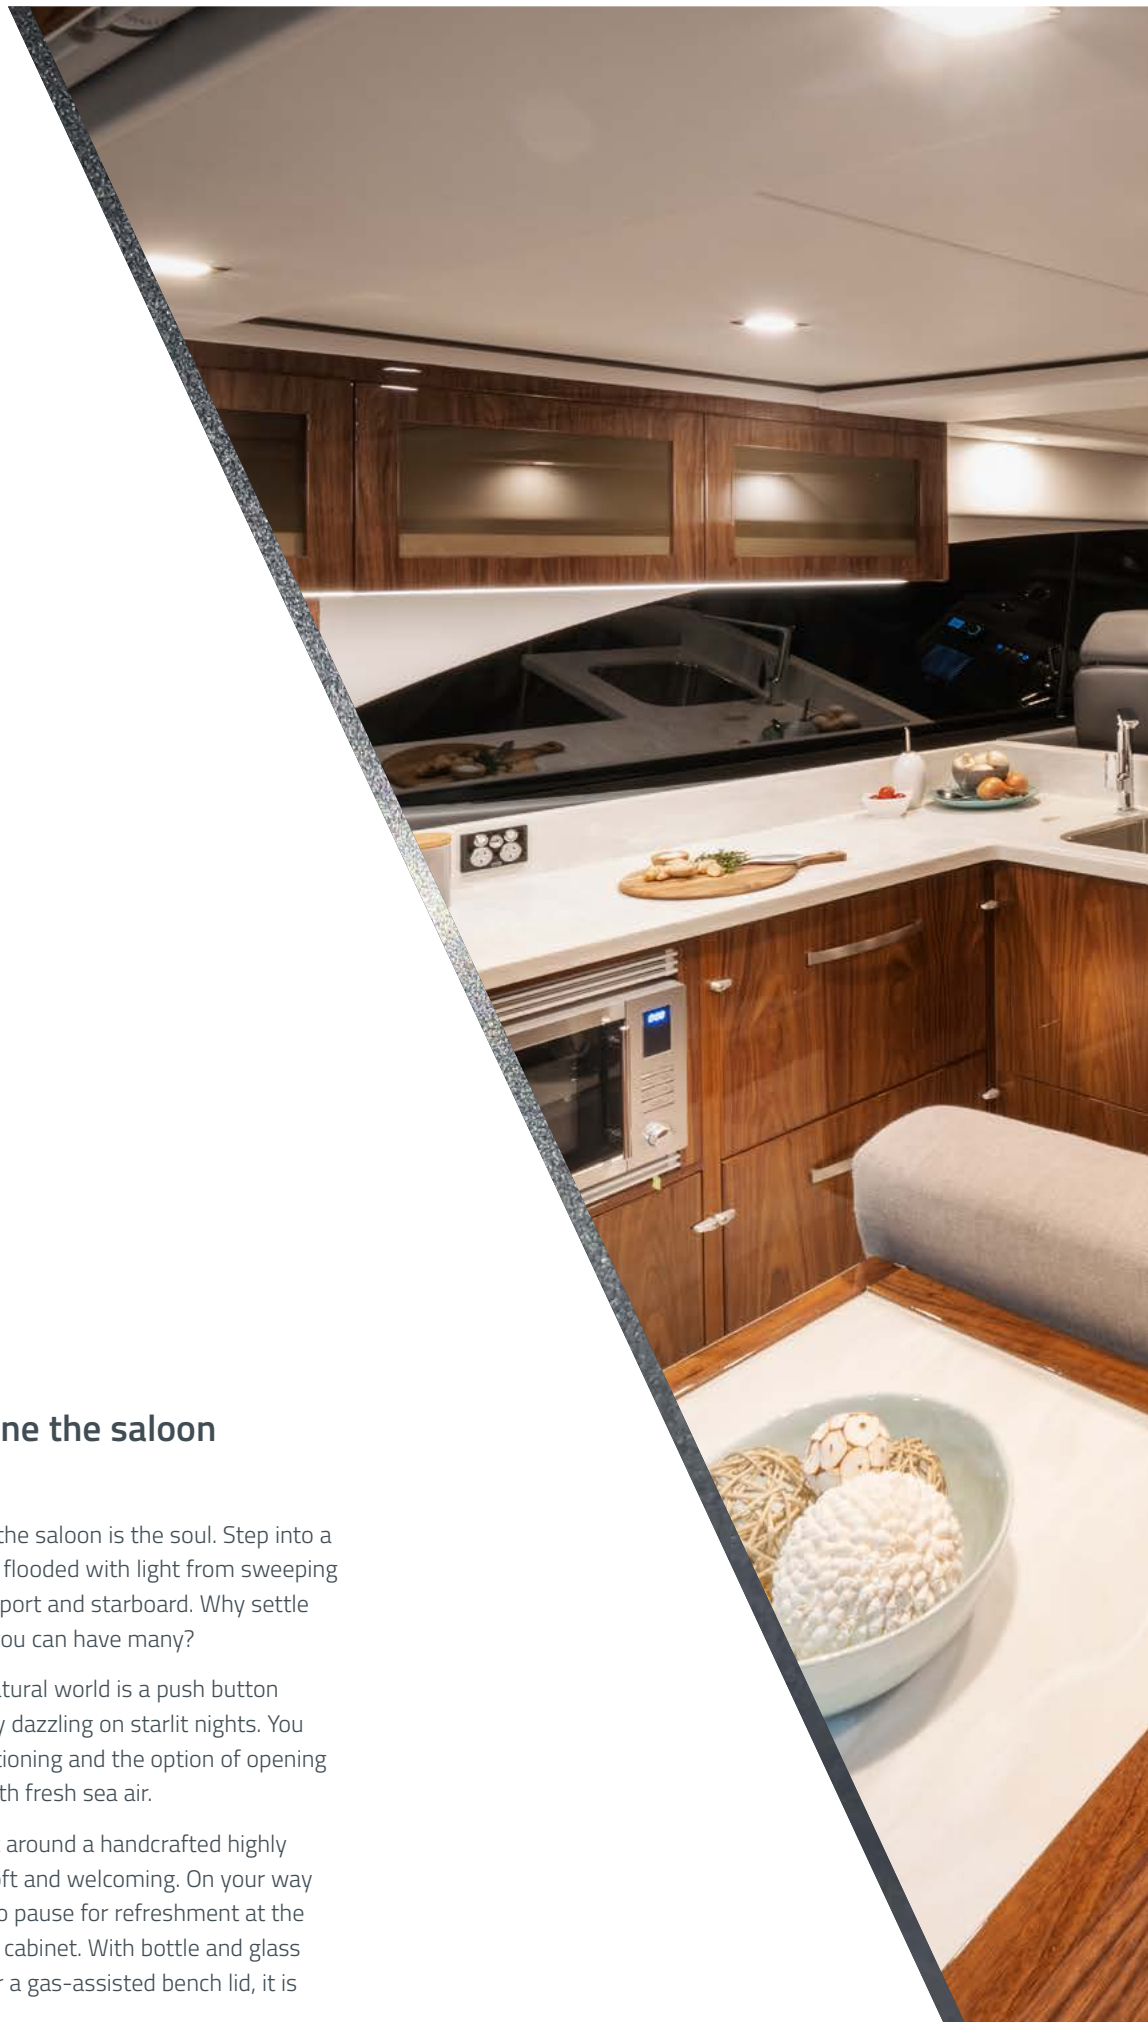

Creating greatness in the galley

Nearly always, 4800 Sport Yacht Series II owners are entertainers at heart. For them the galley is a high priority. Beginning with its location, our designers have made every effort to please.

Ideally positioned midway between the cockpit and saloon it can serve guests in both of these areas with equal aplomb. Better still, by simply opening the large awning above and sliding open the stainless steel framed bulkhead door, you transform the area into one flowing luxury main deck entertaining space. This puts the galley and chef at the absolute heart of all the action, which is just as it should be.

Located off to one side away from foot traffic, the U shaped galley is a pleasure to work and be in. The new Platinum Edition model features the latest word in contemporary design with stunning benchtops, large, brilliantly presented timber cabinetry and premier European appliances.

Luxury and light define the saloon

If the galley is the heart, the saloon is the soul. Step into a warm and inviting space flooded with light from sweeping tinted glass windows to port and starboard. Why settle for one spectacular view when you can have many?

Keeping you connected to the natural world is a push button electric sunroof overhead. Simply dazzling on starlit nights. You also have reverse cycle air conditioning and the option of opening side windows to fill the space with fresh sea air.

The L-shaped lounge to port, set around a handcrafted highly polished dining table, is plush, soft and welcoming. On your way to relaxing there you may wish to pause for refreshment at the saloon's newly designed cocktail cabinet. With bottle and glass drawers and more storage under a gas-assisted bench lid, it is quite the welcome addition.

The helm: exciting and innovative

Ultimately sport motor yachting is all about taking command at the helm. And what a command station Riviera have purpose designed in the Series II.

The console gleams with world class instrumentation in sporty black and silver grey. Slide into the plush Recaro (with alcantara inserts) captain's chair and feel immediately at home. The leather and chrome steering wheel feels good to the touch, as does the joystick to your left, offering great control. Your confidence surges. If you can drive a luxury modern car, you can command the 4800 Series II Platinum Edition with ease.

Everything you need to know is right in front of you on large multi-function touch screens. Take in Volvo Penta Glass Cockpit navigation display and monitoring, full vessel control, steering and propulsion control. All at a glance.

They're all linked to world-leading Volvo IPS twin diesels delivering breathtaking, super quiet performance from the engine room that is backed by the Volvo Penta 5-year limited warranty.

That's confidence plus.

Discover a surprising space

Great design adds visual interest, amenity and space. Step down from the helm and experience great design first hand in the accommodation deck atrium. Natural light filters down from above.

Practical with a touch of luxury, it boasts loads of additional onboard storage space as well as a large LED TV with full integrated home theatre system. A comfy leather upholstered L-shaped lounge with ottoman, takes pride of place.

You can see yourself now stretched out full length enjoying the entertainment. But of course this space can also be a kids retreat, games centre or whatever you decide.

A master stateroom in every sense

Masterfully designed. Meticulously appointed. Riviera designers have relished the challenge and made the master of the 4800 Series II the next level in sport yacht accommodation luxury.

The master is positioned forward for maximum privacy and can be optioned to considerably larger. Series II features a king sized bed with innerspring mattress and yes, it remains walk around. Storage space available beneath is also larger but gas struts make access easy.

Plush pile carpet covers an increased overall floor area. The master's handsome cabinetry is finished in grain-matched walnut with generous storage space now includes a larger starboard hanging locker and three drawer bureau with mirror. Your entertainment options have also expanded with a new 32 inch LED TV and integrated entertainment system.

Sweeping hull windows frame panoramic views. Wonderful to contemplate from the master's own lounge. Or better still, to rise and shine to, onboard your 4800 Sport Yacht Series II Platinum Edition.

Just next door lies the master ensuite with designer vanity, hand basin, large shower and complementary luxury ambience.

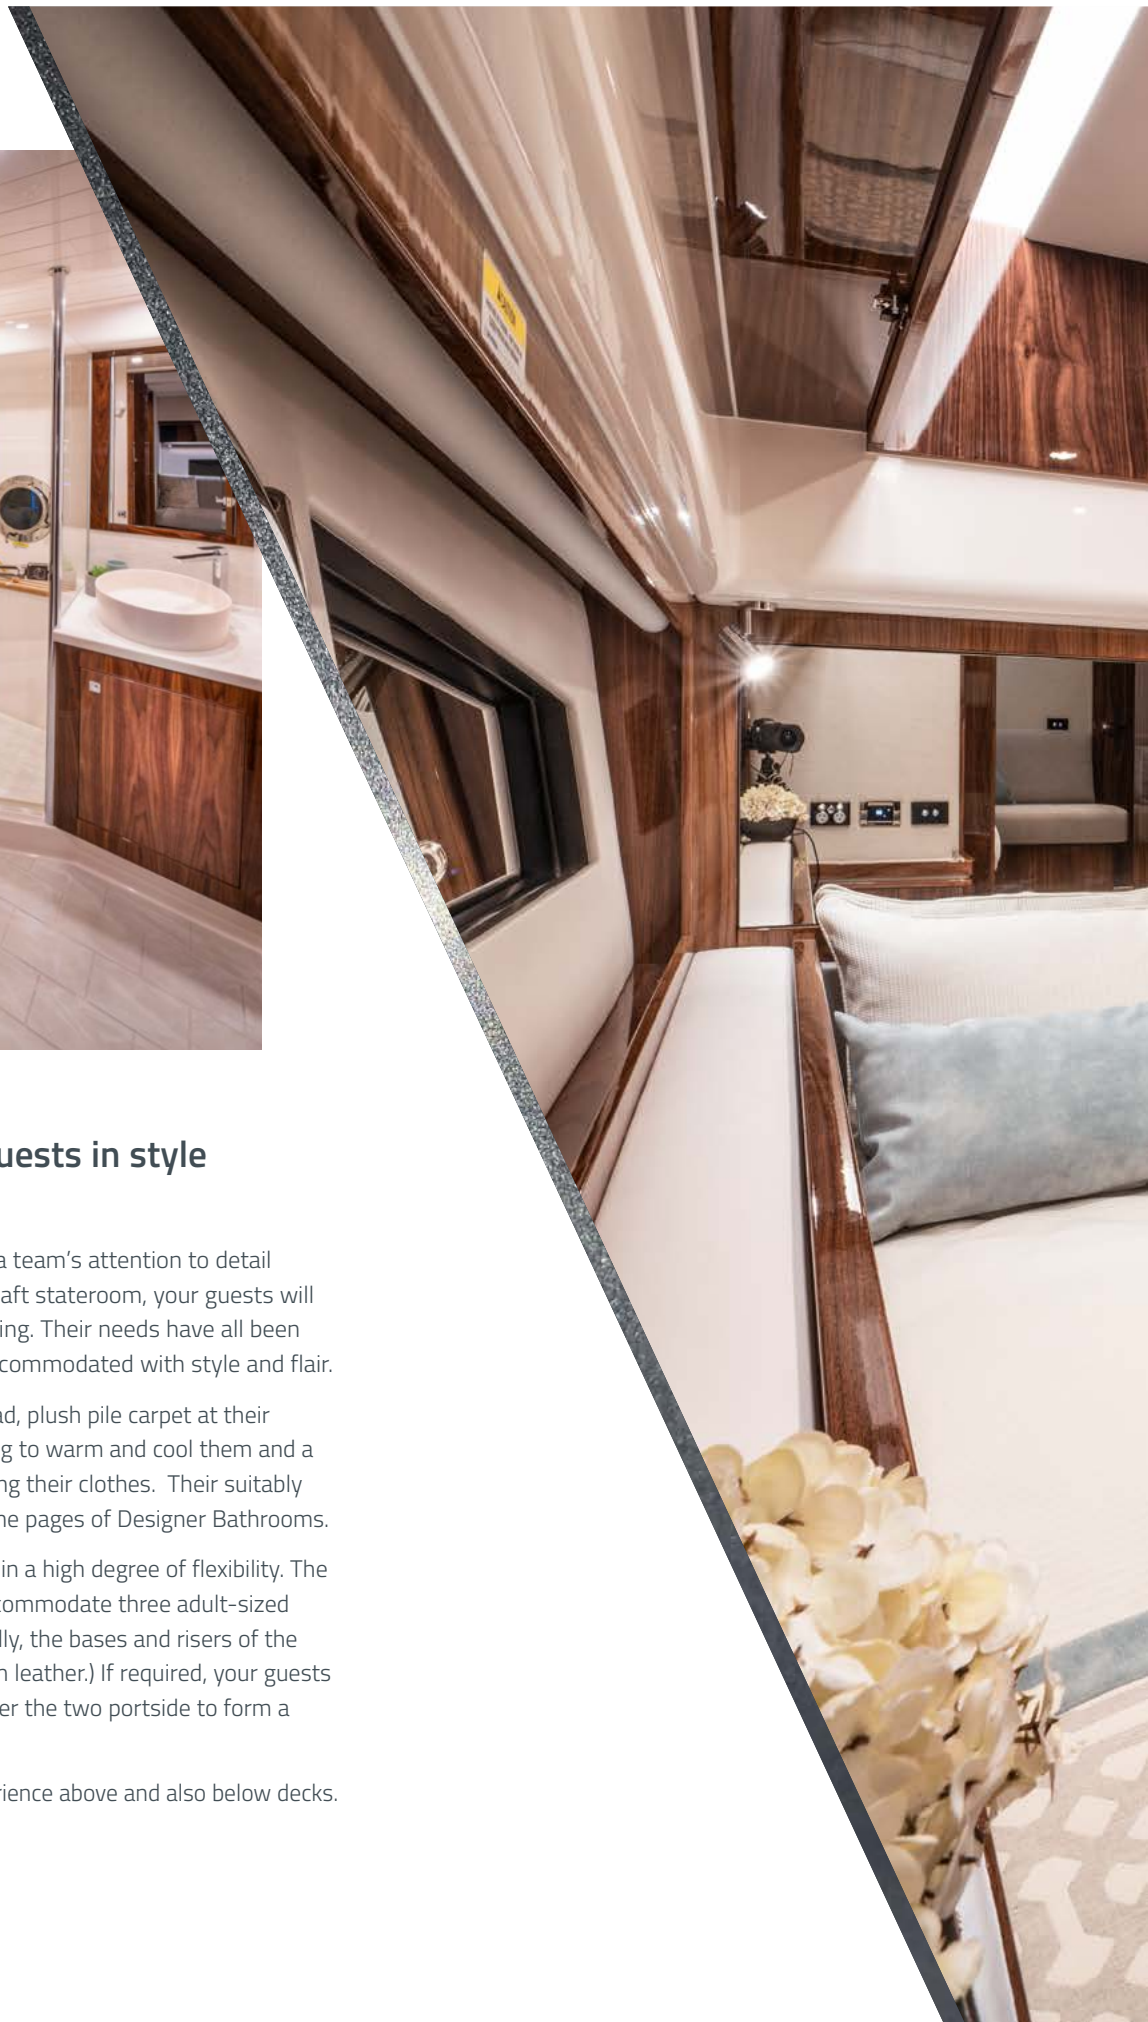

Looking after your guests in style

Here the Riviera team's attention to detail shines. In the aft stateroom, your guests will want for nothing. Their needs have all been carefully considered and duly accommodated with style and flair.

They'll have LED lighting overhead, plush pile carpet at their feet, reverse cycle air conditioning to warm and cool them and a fragrant cedar-lined locker to hang their clothes. Their suitably luxurious ensuite is fit to grace the pages of Designer Bathrooms.

Riviera designers have also built in a high degree of flexibility. The stateroom is large enough to accommodate three adult-sized single beds with ease. (Incidentally, the bases and risers of the beds are now lined with premium leather.) If required, your guests have the option of sliding together the two portside to form a double bed for couples.

It all makes for a wonderful experience above and also below decks.

Optional Premier design

Our care for your information

Due to the constant refinement of specifications and design by Riviera Australia, the information in this document may change without notice.

Specifications may vary with time and by region.

Some images or illustrations in this brochure may include options or custom details.

Please note that as safety equipment specifications or standards vary by country, this aspect of your purchase will need to be completed by yourself and or your Riviera representative.

Please refer to your Riviera representative for specific warranty cover and the latest detailed list of inclusions and options prior to purchase.

Specification clarification

* Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (ie. the moulded length of the hull). It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, (eg. pulpits, outdrives, driving platforms, rubbing strakes).

** Dry weight represents the estimated minimum weight of a yacht with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.

*** Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to yacht trim and sea state. Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.
